Software Skills

Machine Learning:

Torch, Optuna,
HuggingFace, Polars,
Weights & Biases, NLTK,
Lightning

Languages: Python,

Rust, Bash, Haskell, C/
C++, Java, TypeScript,
JavaScript, Golang,
SQL, Lua, Matlab, PHP,
HTML, CSS, LaTeX,
Typst

Programming: Git, UV,
Cargo, NeoVim, tmux,
Alacritty, Drizzle,
Docker

Languages

Italian: Native

English: IELTS 7.5

Interests

Sports: Judo, Sailing,
Skiing

Hobbies: Open Source,
Local AI, Reading, 3D
Modeling, Journaling,
Technology

About me

Hi! I'm Carlo, passionate about AI/ML. I deliver robust, effective and efficient solutions across domains, from NLP to Building Energy Efficiency. I'm particularly invested in democratizing AI to help push the boundaries of R&D.

Professional Experience

ML/Software Developer [link](#)

4B Consulting

Copenhagen, Denmark

Aug 2025 - ongoing

- Extracted structured data from Danish text via **token classification** (NER).
- Mapped Danish building data into a searchable **knowledge graph**.
- Developed an **MCP** to allow pipelines of extraction of data.

Machine Learning Intern [link](#)

University of Padua

Padua (PD), Italy

Jun 2024 - Aug 2024

- Performed **sentiment analysis** to examine whether syntax conveys meaning.
- Achieved **55.2%** accuracy using tree-kernel methods with syntactic data.
- Improved accuracy to **57.3%** with **LLMs** (RoBERTa) w/o syntactic information.

Education

Master of Science in Computer Science

University of Copenhagen

Copenhagen, Denmark

Sep 2024 - ongoing

- Machine Learning, Reinforcement Learning, Kolmogorov Complexity.

Bachelor of Science in Computer Science

University of Padua

Padua, Italy

Oct 2021 - Sep 2024

- Artificial Intelligence, Software Engineering, Operating Systems.
- Final Grade: **106/110**.

Exchange Student

Rødskilde Gymnasium

Vejle, Denmark

Aug 2019 - May 2020

Projects

Distiller [link](#)

- Sequence-to-sequence model in **embedding space** for entity extraction.
- Frozen GGUF encoder, Transformer decoder, **FAISS** retrieval.
- PyTorch Lightning training pipeline with **Optuna** hyperparameter search.

Scripta [link](#)

- Parsing Markdown into HTML in **Rust** and publishing with **GitHub Actions**.
- **Open source** project for personal notes, project management, and journaling.
- Keeping a daily LogBook, improves effectiveness and efficiency.

Music vs Robot [link](#)

- Developed tower-defense-style game inspired by *Plants vs Zombies*.
- Implemented in **C++14** with **Qt framework**, automated with **Makefile**.
- Evaluation: **3/3 with honors** in Object-Oriented Programming.

Other Professional Experiences

Front Office Assistant

University of Padua

Padua, Italy

Aug 2023 - Nov 2023

- Data processing support, front office tasks, and archiving.
- 200h collaboration with Students' Career Office.
- Selected by merit for a part-time student collaboration.

Mechanical Worker

TPA Srl

Padua, Italy

Jun 2019 - Jul 2019

- Fabricated and assembled automated machines, by cutting, shaping and preparing metal parts according to project specifications.

Extra Activities

Volunteer Handyman

ØHK Hedensted

Hedensted, Denmark

Sep 2019 and Sep 2025

- Cleaning the facility: picking up cups, washing the floor and the tables.
- Sorting out tables and benches, and assisting the people at the festival.

Volunteer Youth Worker at Summer Camp

A. S. Skorpion Club Pordenone

Pordenone, Italy

Jun 2020 - Aug 2020

- Cleaning the facility: washing the floor and the tables.
- Sorting out tables and benches, and assisting the people at the camp.
- Organizing activities: capture the flag, volleyball, and making bracelets.
- Looking after kids: serving food, playing with them, and tutoring them.
- Also in 2018 and 2017.

Sport

Judoka

A. S. Skorpion Club Pordenone

Pordenone, Italy

Sep 2006 - Aug 2021

- Qualified to FIJLKAM national competition.
- Competitions many weekends all around Italy, from Trentino to Sicily.
- Stage in Winter and Easter, with over 300 people of the same age every year.
- 3 times a week technical training and 2 times a week strength training.

Summer Sailing Course Winner

Scuola Navale Militare "F. Morosini"

Venice, Italy

Jul 2018

- Winner for the course, on 15 available places for Italian boys.
- 20h theoretical classes for sailing.
- 36h practical classes on the sea in front of Venice.

Hobbies

Cycling

- I like to commute by bike every day for the environment, to exercise and to look at the city.

Journaling

- I enjoy writing down my daily life, my thoughts and my ideas.
- I want to keep trace of the path I am building, to reflect upon in the future.
- It helps me pointing out my goals, who I am, and where I want to go.

Open Source for Europe [link](#)

- Building an platform for European Companies to sponsor single issues together.
