Carlo Rosso

carlorosso02@gmail.com rossoc.github.io rossoc carlo-rosso

Software Skills

Machine Learning: Torch, Optuna, HuggingFace, Trackio, NLTK, Deepspeed

Languages: **Python**, **Rust**, Bash, Haskell, C/C++, Java, TypeScript, JavaScript, Golang, SQL, Lua, Matlab, PHP, HTML, CSS, LaTex, Typst

Programming: Functional Programming, Algorithms, Git, Quarto, NeoVim, tmux, Polars, Alacritty, Drizzle, Docker

Languages

Italian: Native
English: IELTS 7.5

Interests

Sports: Judo, Sailing, Skiing
Hobbies: Open Source, Reading, 3D Modeling, Journaling, Technology

About me

Hi! I'm Carlo, a versatile technologist with expertise in AI/ML, full-stack development, and high-performance computing. I deliver robust, effective and efficient solutions across domains—from NLP to Building Energy Efficiency.

Professional Experience

CTO link — Copenhagen, Denmark
4B Consulting — Sep 2026 - ongoing

- Build lightweight ML model to extract structured data from Danish text.
- Developed time management platform.

ML/Software Developer link — Copenhagen, Denmark
4B Consulting — Aug 2025 - Aug 2026

- Mapped Danish building data into a searchable **knowledge graph**.
- Developed an **MCP** to access buildings' data.
- Built backend infrastructure-as-a-code with **Terraform**.

Machine Learning Intern link — Padua (PD), Italy
University of Padua — Jun 2024 - Aug 2024

- Performed **sentiment analysis** to examine whether syntax conveys meaning.
- Achieved **55.2%** accuracy using tree-kernel methods with syntactic data.
- Improved accuracy to **57.3%** with **LLMs** (RoBERTa) w/o syntactic information.

Education

Master of Science in Computer Science — Copenhagen, Denmark
University of Copenhagen — Sep 2024 - Aug 2026

- Machine Learning, Deep Learning, Reinforcement Learning.
- Thesis on neural network simplification and compression.

Bachelor of Science in Computer Science — Padua, Italy
University of Padua — Oct 2021 - Sep 2024

- Artificial Intelligence, Software Engineering, Operating Systems.

Exchange Student — Vejle, Denmark
Rødkilde Gymnasium — Aug 2019 - May 2020

Projects

Iter link

- Manage multiple harnesses (e.g. Claude Code, Codex, Pi, Hermes, ...).
- Sync with Git, GitHub and tmux to automate work-trees management.
- Knowledge base and note management per repository.

Music vs Robot link

- Developed tower-defense-style game inspired by *Plants vs Zombies*.
- Implemented in **C++14** with **Qt framework**, automated with **Makefile**.
- Evaluation: **3/3 with honors** in Object-Oriented Programming.

Other Professional Experiences

Front Office Assistant — Padua, Italy
University of Padua — Aug 2023 - Nov 2023

- Data processing support, front office tasks, and archiving.
- 200h collaboration with Students' Career Office.
- Selected by merit for a part-time student collaboration.

Mechanical Worker — Padua, Italy
TPA Srl — Jun 2019 - Jul 2019

- Fabricated and assembled automated machines, by cutting, shaping and preparing metal parts according to project specifications.

Extra Activities

Volunteer Handyman — Hedensted, Denmark
ØHK Hedensted — Sep 2019 and Sep 2025

- Cleaning the facility: picking up cups, washing the floor and the tables.
- Sorting out tables and benches, and assisting the people at the festival.

Volunteer Youth Worker at Summer Camp — Pordenone, Italy
A. S. Skorpion Club Pordenone — Jun 2020 - Aug 2020

- Cleaning the facility: washing the floor and the tables.
- Sorting out tables and benches, and assisting the people at the camp.
- Organizing activities: capture the flag, volleyball, and making bracelets.
- Looking after kids: serving food, playing with them, and tutoring them.
- Also in 2018 and 2017.

Sport

Judoka — Pordenone, Italy
A. S. Skorpion Club Pordenone — Sep 2006 - Aug 2021

- Qualified to FIJLKAM national competition.
- Copetitions many weekends all around Italy, from Trentino to Sicily.
- Stage in Winter and Easter, with over 300 people of the same age every year.
- 3 times a week technical training and 2 times a week strength training.

Summer Sailing Course Winner — Venice, Italy
Scuola Navale Militare "F. Morosini" — Jul 2018

- Winner for the course, on 15 available places for Italian boys.
- 20h theoretical classes for sailing.
- 36h practical classes on the sea in front of Venice.

Hobbies

Cycling

- I like to commute by bike every day for the environment, to exercise and to look at the city.

3D Modeling

- Designing and printing useful and artistic objects to customize my daily life.
- Participated to an international contest and developed the 3D model of a school.

Open Source for Europe link

- Building a platform for European Companies to sposor single issues together.
